Impressive artificial intelligence makes you work for every scoring opportunity and punishes you for every blown defensive assignment, and nuanced controls give you an unprecedented level of say in how your player shoots and dribbles.. 7 Shares Who could have ever imagined that Michael Jordan would be the weak link on the basketball court? The six-time NBA champion makes his surprising return to the virtual court in NBA 2K11, but his presence is overshadowed by improvements in just about every other facet of this great round-ball simulator.
